

When inside and outside environments merge, spaces have no limits. Treat yourself to an innovative solution with unbeatable style and comfort.

We present **BiFold Plus** by **QFORT**.

Premium Aluminium folding leaves, with optional side door, allows you to optimise your space harmoniously.

The leaves fold with ease to the interior or exterior, maximising the opening space – fold them according to your desire for part opening, or create a full opening and enjoy the elements to the fullest.

BiFold Plus breaks norms with an impressive $0.8 U_w$ thermal value with triple glazing, providing industry leading performance in Aluminium.

Aluminium profile colour palette

Group 1 - Standard colours

Group 2 - Custom colours

Group 2 - Special colours and decorative finishes

Group 3 - Anodized imitation colours

Group 3 - Timber effect colours

Group 4

Exceptional advantages

FUNCTIONALITY

- ▣ Maximum opening to the exterior
- ▣ Total or partial opening
- ▣ Easy and silent operation

THERMAL INSULATION PERFORMANCE

- ▣ Proven resistance to wind, heat, and humidity

AESTHETIC

- ▣ Unfolded, the glazed elements of the folding system offer visual harmony to the facade. Folded open, they offer the perfect communication between indoor and outdoor areas.

PAS24 SECURITY

- ▣ The sashes are equipped with a multi-point locking system, featuring a hook lock, and centralised guide rail for improved balance.

Comfort in use

- ▣ Configure the sashes to suit your needs.
- ▣ Easy to use

Outward opening

Handle on the main sash

Inward opening

Handle on the secondary sash

EMBEDDED THRESHOLD WITH DRAIN

- ▣ Achieve a flush finish with your flooring
- ▣ Drainage system offers optimal performance in the most rigorous conditions

COMFORT GUIDANCE SYSTEM

- ▣ Easy and silent operation thanks to the guiding rails and steel rollers that improve smoothness of sash movement.

Increased security

Multiple hook type locking points on the main sash

- ▣ Ensures optimal tightness in order to gain thermal performance
- ▣ Guarantees an enhanced security level

BiFold Plus by qFORT.

The folding system allows for partial or total opening outwards or inwards up to a width 6 m.

Multiple configurations from 2 to 5 sashes

Construction width up to 6 m

Sash width up to 1.20 m

Sash height up to 3 m

Sash weight up to 120 kg

Characteristics and proven performance

BiFold Plus

- ▣ Thermal insulation coefficient $U_w = 0.8 \text{ W/m}^2\text{K}^*$
- ▣ AWW Test (Air-Water-Wind) - Air permeability - Class 4 Water tightness - Class E750 Wind resistance - Class C3
- ▣ Frame depth: 80 mm
- ▣ Glass package widths: 24-48 mm
- ▣ Thickness of the profile's exterior wall: 1.8 mm
- ▣ Dimension of the mobile mullion in the pivoting point: 110 mm
- ▣ Number of safety points regarding height of the sash:
 - From 2,301 mm to 3,000 mm: 4 locking points
 - From 1,810 mm to 2,300 mm: 3 locking points
 - Up to 1,809 mm: 1 locking point

* The value $U_w = 0.8 \text{ W/m}^2\text{K}$ has been obtained for a construction of $L = 3,600 \text{ mm} \times H = 3,000 \text{ mm}$ with 3 sashes and glazing with $U_g = 0.5 \text{ W/m}^2\text{K}$

MULTIPLE OPENING CONFIGURATIONS OF UP TO 5 SASHES

- ▣ The side opening of the sashes can be done fully to the left or fully to the right, but also bi-laterally.
- ▣ Tens of configurations allow you to design the opening to suit your daily lifestyle.
