

When modern design meets the most demanding system of doors and windows, the result is fabulous.

Presenting... Panorama by QFORT.

An Aluminium sliding door system with an ultra-slim frame, minimal design, and industry leading performance. The system's huge, glazed area accentuates your outside view, and harmoniously connects the external and internal into one environment.

3 TYPES OF HANDLES

- ▣ Double handle with cylinder
- ▣ Internal handle with cylinder
- ▣ Internal handle without cylinder
- ▣ Available in 4 colours:

Panorama by qFORT 7Stars

Quality performance with grand dimensions - **up to 18 m wide.**

-  Reduced interlock of only 25 mm
-  Sash height up to 3.60 m
-  Sash width up to 3 m
-  Pocket door up to 4 sashes
-  90° opening without vertical mullion

Characteristics and proven performance

Panorama 7Stars

- ▣ Thermal insulation coefficient: $U_w = 0.98 \text{ W/m}^2\text{K}^*$
- ▣ AWW Test (Air-Water-Wind): A*4 / W*7A/9A / W*C3
- ▣ Configurations - up to 6 sashes on 3 rails, also corner opening
- ▣ Frame depth:
 - frame with 2 rails - 180 mm
 - frame with 3 rails - 278 mm
- ▣ Glazing unit width:
 - minimum 36 mm (double glazed), maximum 54 mm (triple glazed).
- ▣ Thickness of the external wall of the profile: Sash 2 mm / Frame 1.5 mm
- ▣ Interlock dimension (sight-line): 25 mm

* The value $U_w = 0.98 \text{ W/m}^2\text{K}$ has been obtained for a construction with: L - 4,600 mm, H - 2,700 mm, two sashes and glazing with $U_g = 0.5 \text{ W/m}^2\text{K}$.

The range is available in the **Panorama 5Stars** as well.
Sliding systems up to 13.2 m width and 3 m height
